Please note, Continuing Benefits are not available if:

- you have attained age 65, or;

Reinstatement of Coverage

If you are laid off and return to work with the same employer as a regular employee for one full shift (unless other conditions are specified in the Collective Agreement) coverage for E.H.B. and Dental benefits for you and your eligible dependants will be reinstated retroactively to the first day of the calendar month in which you return to work. Your Weekly Indemnity, Long Term Disability, Group Life and Accidental Death, Disease & Dismemberment coverage will be reinstated as of the day you return to work.

Application Forms – Member Data Forms

Your employer has a supply of Member Data forms for you to complete for participation in the Plan. The form(s) should be completed and returned to the Plan Administrator. If your employer is providing medical coverage (M.S.P.) through the Plan, you must also complete an M.S.P. application or, if you have medical coverage privately, you must complete a form in which you waive entitlement to this coverage.

EXTENDED HEALTH BENEFIT (EHB)

This benefit is designed to assist you in paying for certain services and supplies not covered under the government's basic medical coverage, the Medical Services Plan of British Columbia and the Hospital Programs of B.C. The Plan covers **reasonable and customary charges** for eligible expenses for you and your eligible dependents when required for the treatment of accident, illness or disease. You should be aware that the prices charged by suppliers of services or equipment may vary considerably. We suggest that, whenever practical, you should compare prices.

Deductible

The Plan has a \$2.00 per prescription deductible on pharmaceuticals.

Maximum Benefit

The maximum benefit payable for prescription drugs in any calendar year is \$2,500 per person. Coverage for other benefits is unlimited for you and your eligible dependents unless specified under the section entitled "Eligible Benefits".

Co-ordination of Benefits

In the event that an eligible person is also entitled to benefits under any other group insurance program or insurance policy, benefits will be co-ordinated with the other plan or insurer to ensure that the total benefit paid from all sources does not exceed 100% of the reasonable charges for the services and supplies provided.

If your Spouse is covered under another plan, we follow the guidelines of the Canadian Life and Health Insurance Association (CLHIA). These guidelines are used by most, if not all, insurers in Canada.

We are the primary insurer for your expenses. Your Spouse's insurer is the primary carrier for your Spouse's expenses. Dependent children become the primary responsibility of the plan who insures **the parent who has the earliest birth date in the year** (month and day).

Co-ordination of Benefits

If the Plan is the secondary carrier, please remit copies of receipts paid by the primary carrier along with their statement of payment details.

In the event of marital breakup, coverage for dependents varies depending upon custody and other coverage in effect. Please see page 6 of this Booklet and/or contact the Plan's office for further details.

Pharmacare

The Provincial Fair Pharmacare programs provides 70% coverage for eligible prescription medications included under their "formulary" once their annual deductible (based on family income) has been reached. If you have reached the Pharmacare deductible, the Plan will continue to pay any portion not covered by Pharmacare (less the \$2.00 prescription fee) provided you have not reached the Plan's annual limit of \$2,500 per person.

IMPORTANT --- The Fair Pharmacare program is based on income and it is necessary for you to make application to Health Insurance B.C. for coverage. Proof of registration will be issued by Fair Pharmacare. It will be necessary for you to provide proof of registration to the Plan before your drug card will be activated and before any prescription drugs will be eligible for reimbursement.

DENTAL BENEFIT

This benefit is divided into three separate services:

Basic

100% reimbursement of accepted fees for all eligible persons.

Major (Pre-authorization required)

80% reimbursement of accepted fees for member, Spouse and eligible dependent children over age 21, and 100% for dependent children under age 21.

Orthodontic (Pre-authorization required)

50% reimbursement of accepted fees for all eligible persons.

Maximum Benefit

- The maximum benefit payable for any eligible person for **Basic and Major services combined** performed in any calendar year is \$3,000.
- The maximum **lifetime benefit** payable for **Orthodontic services** for any eligible person is \$3,000.

Pre-authorization

If the treatment the dentist proposes exceeds \$500, involves the use of gold, crowns or bridgework, dentures or involves treatment to be provided by a specialist, a treatment plan should be submitted to the plan administrator for prior review. A Pre-authorization form will be sent to both you and your dentist confirming the amount that can be paid by your Plan.

Dental Benefit Details

Benefits are based on fee schedule amounts accepted by the Trustees.

The Plan covers most, but not all, of the procedures that are dentally necessary and are included in the general practitioners' fee guide. It is important to note this limitation as your dentist's charges (particularly if you are seeing a specialist) may be higher than those allowed by the Plan.

Fees greater than the benefit payable by the Plan or fees for ineligible services will be your responsibility.

Benefits Payable

All eligible services will be payable based on fee schedules accepted by the Trustees for services performed by a dentist, denturist or dental hygienist.

Co-ordination of Benefits

In the event that an eligible person is also entitled to benefits under any other insurance program or insurance policy, benefits will be co-ordinated with the other plan or insurer to ensure that the total benefit paid from all sources does not exceed 100% of the fee accepted by the Plan.

If your Spouse is covered under another plan, we follow the guidelines of the Canadian Life and Health Insurance Association. These guidelines are used by most, if not all, insurers in Canada.

We are the primary insurer for your expenses. Your Spouse's insurer is the primary carrier for your Spouse's expenses. Dependent children become the primary responsibility of the plan which insures the parent who has the earliest birth date in the year (month and day).

If the Plan is the secondary carrier, please remit copies of receipts paid by the primary carrier along with their statement of payment details.

WEEKLY INDEMNITY BENEFIT (WI)

Weekly Indemnity (short term) disability benefits are designed to assist you if you are unable to work because of a non-occupational accident or sickness. Weekly Indemnity benefits are payable on a weekly basis to a maximum of 26 weeks for any one period of disability while you are totally disabled from work and under the care of a legally qualified physician.

Waiting Period

Benefits are payable from the 1st day if disability is the immediate and direct result of an accident. There is a waiting period of 3 days for all other disabilities, including disabilities resulting from accidents which occurred more than 30 days previously or involving pre-existing medical conditions.

If you do not see a physician within the first 4 days of disability, benefits will be paid from the date of your first visit to your physician.

Amount of Benefit

See page 4 of this Booklet entitled “Summary of Benefits”.

Disability

To qualify for benefits you must be completely unable, because of accident or sickness, to perform the duties of your regular job. Your disability must be supported by medical evidence satisfactory to the Plan establishing that you are unable to work. Failure by a Member to provide medical information or other proof of loss within 60 days of the date on which it is requested by the Plan will cause benefits to cease.

WI Claims of a Short Duration - at the discretion of the Plan Administrator, for illness related claims where the Plan's office has confirmation that a Member has returned to work after 5 consecutive calendar days (please note this includes weekends), the physician's statement will not be required.

Please note, the Short Duration W.I. Claims still require the completion of page 1 of the Weekly Indemnity Claim form. Page 1 must be completed in full by the Plan Member and the Employer. As noted, the physician statement (reverse page 2) is not required for the Short Duration Claims. *Please note, in these cases, Weekly Indemnity forms which are not completed in full will be returned and may require the completion of the physician's statement.*

Rehabilitative Employment

The Board of Trustees may approve rehabilitative employment during a period of your disability, however your WI benefit shall be reduced by 50% of your weekly earnings from such rehabilitative employment. In the event that your income from rehabilitative employment and the WI benefit exceed 100% of weekly earnings, your WI benefit shall be further reduced by such excess amount.

Third Party Claims

If you become disabled as a result of an accident involving a motor vehicle or any other circumstance for which a third party is, or may be, directly or indirectly either in whole or in part legally liable, or if during any Period of Disability a Member's primary cause of disability is a result of a motor vehicle accident or any other circumstance for which a third party is, or may be, directly or indirectly either in whole or in part legally liable, **no Weekly Indemnity benefits will be paid unless you:**

- 1) Agree to repay the Board of Trustees the full amount of the benefits paid or to be paid by entering into a Reimbursement Agreement with the Board of Trustees outlining the terms and conditions of repayment.

- 3) Obtain the written consent of the Board of Trustees before compromising or settling the action or cause of action with the third party.

Workers' Compensation Claims – WorkSafeBC

If you suffer an unusual delay in obtaining a decision from WorkSafeBC regarding your claim or if you are appealing the denial of a WorkSafeBC claim, or if following the denial of a claim for WorkSafeBC benefits, the Board of Trustees deem that the pursuit of an appeal of such denial would not be justified, the Board of Trustees may, at their sole discretion, approve payment of Weekly Indemnity (WI) benefits. Payment of such WI benefits will be limited to the extent that it will not exceed the amount that the Board of Trustees believe may be payable by WorkSafeBC should that claim be accepted.

WI benefits, in this situation would be subject to you signing a “Reimbursement Agreement” with the Plan. By signing the agreement you confirm that if WorkSafeBC benefits are subsequently paid for the same period of disability for which you have received WI benefits, **you will repay the Plan in full**. Failure to do so would fall under the “Recovery of Benefit Overpayments”.

Recovery of Benefit Overpayments

- 6) During the first 10 weeks of a claim, a successive absence from work will be considered to be the **same period of disability** if the cause is the same or related to the cause of the 1st absence and a return to full time work of **less than one (1) week** has occurred.

If a successive absence is from an unrelated cause and a return to full time work of **less than one (1) full day** has occurred, it will be considered the **same disability period**.
- 7) During any subsequent portion of a Disability Period, (past 10 weeks but before the 26 week maximum) a successive absence from work will be considered to be the **same period of disability** if the cause is the same or related to the cause of the 1st absence and a return to full time work for less than 30 full days has occurred.

If a successive absence is from an unrelated cause and a return to full time work of **less than one (1) full day** has occurred, it will be considered the **same disability period**.

If you become disabled as a result of an accident involving a motor vehicle or any other circumstance for which a third party is, or may be, directly or indirectly, either in whole or in part, legally liable, or if during any Period of Disability a Member's primary cause of disability is a result of a motor vehicle accident or any other circumstance for which a third party is, or may be, directly or indirectly, either in whole or in part, legally liable, no Long Term Disability benefit will be paid unless you;

- 1) Agree to repay the Board of Trustees the full amount of the benefits paid or to be paid.
- 2) Take all steps necessary to recover from the third party the total of the benefits advanced or to be advanced by this Plan, including directing your lawyer to repay the Board of Trustees the full amount of the benefits paid directly from any monies received from any judgement or settlement.
- 3) Enter into a reimbursement agreement with the Board of Trustees outlining the terms and conditions under which the benefits are to be repaid.
- 4) Obtain the written consent of the Board of Trustees before compromising or settling the action or cause of action with the third party.

Recovery of Benefit Overpayments

The Board of Trustees shall have the right to recover from you through the use of any legal procedures or from future benefits under the Plan, any benefits paid to you to which there was no entitlement.

Limitations – Long Term Disability (LTD)

- 1) You must remain under the care of and be following the prescribed treatment of a legally qualified physician acting within the scope of his profession throughout your period of disability. The Plan must receive satisfactory medical evidence from the attending physician confirming your inability to work due to disability. Failure by a Member or his physician to provide medical information or other proof of loss within 60 days of the date on which it is requested by the Plan will cause benefits to cease.
- 2) No benefit shall be payable during a period in which a member is entitled to receive sickness benefits under the Employment Insurance Act.
- 3) If you leave your Province of residence during a period of disability benefits will not be paid unless:
 - you obtain approval from the Board of Trustees and your physician to leave; and
 - you remain under the care of a physician while absent from the province.
- 4) The Plan may request that you have an independent medical examination and will arrange for the appointment and pay for any charges made by the physician. Failure to attend such an examination could result in the termination of your benefits.

- 5) Successive absences from work will be considered to be the same period of disability if the cause is the same or related to the cause of the 1st absence and you had returned to full time work for less than 6 calendar months.
- 6) Successive absences from work will be considered a new period of disability if the cause is entirely unrelated to the cause of the 1st absence and you had returned to full time work for 1 full day.
- 7) If any investigation reveals that you are not following prescribed treatment or that your activities during a period of disability are inconsistent with the definition of disability under the terms of the Plan your benefits will cease.
- 8) Entitlement to Benefits shall terminate as of the date any Member knowingly or wilfully provides information to the Plan in support of an application for Benefits or a continuation of Benefits that is false, misleading or fraudulent where the information is material to the adjudication of a claim made by the Member.

EXCLUSIONS (LTD)

Benefits shall not be payable:

- 1) For a disability caused by or resulting from intentionally self-inflicted bodily injury or sickness, while sane or insane.
- 2) For a disability caused by or resulting from participation in rebellion, riot, or insurrection, war, whether war has been declared or not, or by full or part-time service in any armed forces.
- 3) For a disability caused by or resulting from participation in or consequence of having participated or having attempted to participate in the commission of an offence under the Criminal Code of Canada or a similar offence under the laws of any other country or for a disability caused by or resulting from the operation of a vehicle if, when the injuries were received, the claimant's blood contained more than eighty (80) milligrams of alcohol per one hundred (100) millilitres of blood.

- 4) For a disability caused by or resulting from medical or surgical care which is cosmetic, unless such care is rendered as a result of injuries caused by an accident sustained by you while you were eligible for WI benefits.
- 5) During a Maternity/Parental Leave.
- 6) During any period when Employment Insurance disability benefits are payable.
- 7) During any period in which you engage in any occupation for remuneration or profit except as outlined under Rehabilitative Employment.

MISCELLANEOUS

The following supplementary information may be useful to you when you are claiming benefits under the Plan. If you require additional information or guidance, call the Plan's office and the staff will be pleased to assist you.

Dual Coverage – Co-ordination of Benefits

In the event that an eligible person is also entitled to benefits under any other group insurance program or insurance policy, benefits will be co-ordinated with the other plan or insurer to ensure that the total benefit paid from all sources does not exceed 100% of the reasonable charges for the services and supplies provided.

If your Spouse is covered under another plan, we follow the guidelines of the Canadian Life and Health Insurance Association. These guidelines are used by most, if not all, insurers in Canada.

We are the primary insurer for your expenses. Your Spouse's insurer is the primary carrier for your Spouse's expenses. Dependent children become the primary responsibility of the plan who insures **the parent who has the earliest birth-date in the year (month and day)**.

If the Plan is the secondary carrier, please remit copies of receipts paid by the primary carrier along with their statement of payment details.

How to Make a Claim

Prescription Drugs

For persons for which we have primary responsibility (see Dual Coverage - Coordination of Benefits, above), the Plan will pay its portion of your claim to the Pharmacist at the time you get your prescription filled. Simply give the Pharmacist the information from your Drug Card, and you should only have to pay your portion of the eligible expense.

If we are not the primary insurer you should make copies of the receipts and then claim the expense with your Spouse's plan. Once the primary insurer has settled the claim, complete an Extended Health Benefit Claim form and send the copy of the receipt and the other insurer's claim details to us.

Please note that the drug card does not work outside of Canada **and will only be activated if you have provided the Plan with Proof of Registration under the Fair Pharmacare program.**

Other Expenses

For any other eligible expenses obtain an Extended Health Benefit Claim form from your employer, the Plan's office or online at www.teamstersbenefits.ca and mail it to us along with your **original** receipts. Please note, the Plan will return the original receipts to you with your claim payment. We do, however, recommend that you always make copies of receipts.

Claims for any calendar year must be submitted within 12 months from the end of that calendar year.

Dental

For basic and major services a B.C. Standard Dental Claim form (most dentists maintain a supply) must be completed by the dentist and forwarded to the Plan Administrator.

Claims must be submitted within 12 months of the date in which the service was performed.

For orthodontic services, receipts should be submitted as expenses are paid.

Group Life and Accidental Death & Dismemberment

Contact the Plan Administrator for the necessary forms.

Weekly Indemnity

Claims must be submitted within 90 days of the onset of disability.

Obtain a form from your employer and when you, your employer and your doctor have all completed the form, forward it to the Plan Administrator.

Long Term Disability

Claims must be submitted within 120 days of the end of the qualification period.

If you receive the Weekly Indemnity benefit for the maximum period contact the Plan Administrator to request the necessary forms to apply for the Long Term Disability benefit.

Please note, if you have received WorkSafeBC benefits for 6 months or more contact the Plan Administrator to determine your possible entitlement to continuation of your Life Insurance and Accidental Death and Dismemberment benefit.

Disability Waiver Claims

Claims for the disability waiver provision (continuation of coverage while you are disabled) under the Group Life insurance and Accidental Death and Dismemberment benefits must be made to the insurer within 15 months of the date you become disabled. These applications are included in the process of applying for the Long Term Disability benefit.

If you are totally disabled and receiving benefits from WorkSafeBC, you must apply within 15 months of the commencement of your disability or you will not be entitled to this benefit. Contact the Plan's office for instructions on applying.

Change of Status

It is to your benefit to notify your employer and the Plan immediately, if:

- 1) You change your mailing address.
- 2) You wish to change your beneficiary.
- 3) Your marital status changes.
- 4) The number and/or name of your dependants change.
- 5) You change your name.
- 6) You change your social insurance number.

Note: Not having the correct information on file may result in non-payment of your claim or may delay the payment of benefits.

Taxable Benefits

Under the provisions of the current Income Tax Act the monthly cost of Medical premiums, Group Life insurance premiums and AD&D premiums paid on your behalf by an employer may be considered taxable income. The amounts of Weekly Indemnity and Long Term Disability benefits received by you may also be considered taxable income.

Each year, prior to the end of February, the Plan will issue a T4A for your taxable benefits for the previous year. You must include this income when filing your tax return.

Medical Services Plan of B.C. (M.S.P.)

Coverage under the Medical Services Plan of B.C. (M.S.P.) is not provided as a Plan benefit, but in some instances the Plan provides an administrative service to employers with respect to the processing of eligibility forms. You should check with your employer to determine if M.S.P. is administered through the Plan or if it is provided directly by the employer.

Notes:

Claim Appeal Process

In those instances where a Member feels that a claim for a Weekly Indemnity benefit, Long Term Disability benefit, Dental benefit or Extended Health benefit has been denied or settled in a manner unsatisfactory to the Member, the Member shall have the right to present a request for appeal to the Trustees:

1. The Member must present in writing to the Board of Trustees of the Plan a request to have his claim reviewed. The request for review must be sent to the Administrator of the Plan at the Plan's address **within 90 days** of the date on which the claim was denied or settled in a manner unsatisfactory to the Member. Requests received after this time period will be denied.

The request should clearly state the reasons that the Member feels should justify a review of the claim and should be accompanied by supporting medical or other information that will assist the Board of Trustees in their deliberations.

The Board of Trustees will, as soon as is reasonably possible after receiving the request for review, examine the claim and advise the Member that:

- a) The information provided with the request for review is sufficient to allow a reversal of the original claim decision, or;
- b) The Board of Trustees are satisfied that the original claim decision was correct under the terms of the Plan and a Hearing will not be granted, or;
- c) The information provided with the request is insufficient to allow reversal of the original decision, but further investigation is warranted. The Board of Trustees will set a date for a Hearing of the Claims Review Committee at which time the Member may present his case and supporting information in person.

2. The Claims Review Committee will be comprised of those persons determined by the Board of Trustees to be best suited to arrive at a fair and reasonable resolution of the issues. The Committee will include at least two Board of Trustees.
3. The Member may be required to attend the Hearing but may be represented by or assisted by their Union Business Representative.
4. In submitting claims for review, Members should be aware that the Board of Trustees are able to:
 - a) Interpret information that is submitted with respect to a claim to determine if the claim meets the conditions specified by the Plan.
 - b) Amend the terms of the Plan with respect to coverage on the understanding that it applies to all Members but are not able to make exceptions to the terms of the Plan to accommodate individual Member's concerns.
5. All decisions made by the Board of Trustees with respect to the determination of a Member's entitlement to benefits are final and binding on all parties involved in accordance with Article VI of the Plan's Agreement and Declaration of Trust.
